

The Hebrew root has 3 consonants *usually*. We now come to the central theme of all word building in Hebrew; it is the central rhythm of the whole vast far flung structure of the Hebrew language. Practically all words in Hebrew go back to a root and this root must have in it 3 consonants. You can do anything you want to the root, you can use it in any verb form or tense, you can turn it to nouns, adverbs, prepositions, adjectives. No matter what you do you will see always staring you in the face? The 3 constants of the root, you can never escape them and equally important, what you do with the root, no matter in to what word you turn it, that word must carry in it something of the meaning of the root.

How the Hebrew language grew

By Edward Horowitz

I am your Shield

From a primitive root H1598 גנן ;
to hedge about,
that is, (generally) protect: - defend.

also from root

H1588 גן a garden
(as fenced): - garden.

H1593 גנה Feminine
of H1588; a garden: -
garden.

H1594 גנה another
form for H1593: -
garden.

Look back at the root as this gives more meaning of what the words **DNA** carries . Like a plant!

Roots are verbs, thus **action!** Words.

After these things the word of the LORD came to Abram in a vision:
"Fear not, Abram, **I am your shield**; your reward shall be very great."

Gen 15:1 ESV
